## Description

As a young dragon you embark on a journey through 14 levels full of misterious and deadly enemies. From the forest of the Dragons Realm to the old vulcano, you must seek three precious, long ago lost artifacts which will grant you a place amongst elder dragons. Fight enemies like dangerous funguluncuses, insidious earth worms, deadly giant bees and many more of exotic creatures. And don't forget the horrible and almost invincible beasts, guarding those artifacts. You can also find your way to the long forgotten treasures in the Pixies and the Gnomes Cave.

Collect golden coins to create an enormous treasure, so favoured amongst dragons. Or cheat the death by eating the Golden apples or the Blueyen fruits. And every dragon can spew the fire balls. But with eating the Fiery pepper you get even more powerful fire. As every dragon, you also gain the wisdom and power through your adventures.

And after long and perilous journey the Elder of the dragons accepts you in the Dragons Circle, annual meeting of all grown-up dragons in Dragons Realm. You can now proudly sit next to your father. But many more great adventures are still waiting for you ...
